Rules for the guidance of students seeking admission into the Medical College, Calcutta.

1. Two classes of students are admitted to the college:—

(1) *Civil pupils' class*.—Admission to this class is restricted to students, male or female, who were born within or whose parents are domiciled within the territorial jurisdiction of the Calcutta University. Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M. B. examination of the Calcutta University are admitted to this class.

(2) *Military pupils' class*.—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director-General, Indian Medical Service).

NOTE.—Casual students are not admitted. No students are admitted other than those in one or other of the above classes.

2. The minimum preliminary qualification for admission is the First Class Pass certificate of the I. Sc. examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examination in the second division may be admitted, provided they are otherwise considered suitable, to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (a) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside. For special reasons to be recorded in writing, the Principal may allow any female student to reside outside this Hostel.

(b) Female students studying in the college but belonging to provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

4. The session commences with the summer term which begins on the 15th June and ends on the day before the commencement of the Durga Puja holidays. The winter term commences on the day after close of the Durga Puja holidays and ends on the 31st March.

5. All applications direct from new students in Bengal for admission to the college should be accompanied by a fee of Rs. 4 which will not be refunded.

All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form, available in his office before the 25th May except in the following cases:—

(a) Students from other provinces for which places are reserved should apply to the Inspector-General, Civil Hospitals, of those provinces for admission within such dates as that officer may prescribe.

(b) The candidates from Indian States will be nominated by the States themselves.

(c) Students from the Dacca University area will be selected as follows:—

(i) Three students will be selected by the Dacca University, and

(ii) Three students by the Chairman of the Dacca Intermediate and Secondary Education Board.

6. The number of civil students to be admitted each year is 105. Vacancies are allotted as follows:—

Other provinces and Indian States including			
1 from Nepal State	8
Dacca	6
Surgeon-General's nominees	5
Women	5

Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Selection Committee appointed by Government.

(a) Besides the students nominated by the Indian States under rule 5 (b), one student will be nominated by the Inspector-General of Civil Hospitals, Central Provinces, six students (including one female student) by the Inspector-General, Civil Hospitals, Assam, and six by the authorities mentioned in rule 5 (c).

These students must possess the qualifications mentioned in rule 2 and the nomination must reach the Principal, Medical College, Calcutta, before the 10th June each year, failing which the vacancies will be filled with local candidates. Vacancies arising by resignation or otherwise in places filled by reservation for the authorities in paragraph (a) cannot be filled again by those authorities during the year.

(b) Five seats shall be reserved annually for nomination by the Surgeon-General provided the candidates possess the necessary physical qualifications and at least a 2nd class pass certificate of the I.Sc. examination of the Calcutta University with the subjects mentioned in rule 2 or of an examination recognised as equivalent to it. These nominations shall ordinarily be made after the Selection Committee have made their choice under clause (c).

(c) The remaining vacancies shall be filled up by the Selection Committee specially appointed by Government from year to year. This Selection Committee will be the authority to select candidates belonging to Bengal.

(d) Every student selected by the Selection Committee for admission shall be examined medically in the Medical College, have his health card filled up and be passed fit before his fees are accepted, provided that if it is proposed to reject any student on the ground of his being medically unfit as a result of such examination, such decision shall not take effect unless it is sanctioned by the majority of votes of the members of the medical profession on the Selection Committee.

(e) Any candidate who has—

(i) endeavoured to enlist for his candidature the support of persons of influence or of Government officials,

(ii) personally canvassed any member of the Selection Committee or on whose behalf anyone else has canvassed any such member,

14. The fee for certificates issued to civil students leaving the college before completing their study shall be Rs. 40 for each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

[In calculating the sum to be paid under this rule the amount of college fees paid by the student (or in the case of a student enjoying a stipendiary scholarship and free tuition the amount of which would have been paid by him had he been a paying student) shall be deducted.]

15. Students who fail to appear at or to pass the Final M. B. Examination shall immediately on readmission after failure, pay fees each term at the rate of Rs. 25 for each of the subjects in which they are to appear at the subsequent examination.

Disallowance of questions by the Governor.

24A. The Governor acting in his discretion may at any time before a question is asked inform the Speaker that he disallows the question or any part thereof on the ground that it affects the discharge by him of his functions in so far as he is by or under the Act required to act in his discretion or to exercise his individual judgment and if he does so the question or part of the question shall not be entered in the list of business or, if it has been so entered, the Speaker shall not allow the question to be put.

**THE BENGAL PUBLIC DEMANDS RECOVERY (AMEND-
MENT) BILL, 1937.****A
BILL**

to amend the law relating to the recovery of Public Demands in Bengal.

WHEREAS it is expedient to amend the law relating to the recovery of public demands in Bengal;

It is hereby enacted as follows :—

1. (1) This Act may be called "The Bengal Public Demands Recovery (Amendment) Act of 1937."

(2) It shall come into force from the date of its final publication in the *Calcutta Gazette*.

(3) It extends to the whole of Bengal.

2. The words and phrases used in this Act will bear the same meanings as are expressed in the Bengal Public Demands Recovery Act of 1913.

3. In section 3, sub-section 6 of the Act, after the word "schedule 1" the words "Excepting arrear rent" shall be inserted.

4. The whole of sub-sections 3 and 4 of section 20 of the Act shall be omitted.

5. The whole of section 60 of the Act shall be omitted.

6. Section 61 shall be omitted.

7. Section 62 of the Act shall be omitted.

8. Section 63 of the Act shall be omitted.

9. Section 64 shall be omitted.

10. In article 7 of schedule 1 of the Act after the words "Any demand" the words "Excepting arrear rent" shall be inserted.

11. The article 8 of schedule 1 of the Act shall be omitted.

12. Article 47(3) of schedule 2 shall be omitted.

13. The proviso with sub-provisos (a) and (b) of article 48 of schedule 2 of the Act shall be omitted.

14. Articles 62 to 65 of schedule 2 of the Act shall be omitted.

15. The whole of article 67 of schedule 2 of the Act shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

Since the passing of the Bengal Act III of 1913 other laws relating to the realisation of rent have considerably been changed or amended. The object of the Act is the speedy realisation of public demands and as rent in some cases falls within that category, it was considered expedient to supersede the general laws, for realising rents, which were a little bit dilatory, by the summary certificate procedure prescribed by the Act. But now ample provisions are made in the Bengal Tenancy Act itself for suing the defaulting tenants after every kist is over, and for expediting the disposal of the suits and execution proceedings in rent courts. Besides the publication of the High Court Rules and Circular Orders has revolutionised the procedure in Civil Courts which have practically been brought at par with the certificate courts in the matter of disposal.

So realising rents by certificates has become obsolete and unnecessary. On the other hand all summary procedures generally cause extreme hardship to their victims specially in financial matters.

Hence, it is time to remove this drawback in the laws to save the poor tenants from untold misery by excluding rent from the public demands.

Resolution on the Report on the Administration of the Excise Department in the Province of Bengal for the year 1936-37.

GOVERNMENT OF BENGAL.

Forest and Excise Department.

Excise.

Calcutta, the 29th March 1938.

RESOLUTION—No. 6173Ex.

Read—

Report on the Administration of the Excise Department in the Province of Bengal for the year 1936-37.

Mr. D. MacPherson, I.C.S., remained in administrative charge of the department from the 1st April 1936 to 4th May 1936 and again from the 4th December 1936 to 31st March 1937. Mr. A. S. Larkin, I.C.S., held charge for the remaining period. Mr. A. K. Basu worked as the Collector of Excise, Calcutta, and was in charge of the Excise Intelligence Bureau from the 1st April 1936 to 15th November 1936 and was succeeded by Mr. G. D. Hoskins, M.B.E. Rai Bahadur Tarakeswar Bhattacharyya, Deputy Commissioner, was in charge of the distilleries and warehouses in addition to the matches, sugar and tobacco branches.

2. There was no change in the administration of the Excise Department during the year and the system of "fixed fee" settlements was continued for the licensing of country spirit, foreign liquor and drug shops, and in Western Bengal for pachwai shops. Shops for the sale of tari, and in most districts of the province for the sale of pachwai, were settled by auction. The policy of settlement of excise shops with Bhadrak and of restricted supply of excisable articles was maintained during the year.

3. As in the previous year the Excise Licensing Boards in the districts, and the Excise Advisory Committee in Darjeeling continued to function satisfactorily.

4. The Central Detective Department started experimentally in 1933 to combat the spread of illicit practices, chiefly illicit distillation, continued to function, and the field of its activities was extended during the year with very considerable success.

Government notice with satisfaction that the Customs and Police co-operated with the excise staff on all occasions.

5. The total excise revenue increased from Rs. 1,34,87,819 to Rs. 1,37,58,199, i.e., by 0.55 per cent. The increase is reported to be due to improvement in trade and industry, particularly in the second half of the year, and to the intensive campaign against illicit trade. The incidence of excise revenue per head of population was annas 4.5 pies against annas 4.3½ pies in the preceding year.

The total number of licenses for the retail sale of country spirit was 891 against 899 in the previous year. Revenue under this head increased by Rs. 4,52,607. The increase in consumption (23.0 per cent.) was due partly to improved economic conditions in and partly to the effectiveness of the drive against illicit distillation.

6. The tree tax system of taxation on tari continued to be in force in the districts of Calcutta, 24-Parganas, Hooghly and Howrah. The number of licenses increased from 459 to 467, but revenue fell from Rs. 8,35,106 to Rs. 7,53,158. This is reported to be due to some extent to increased consumption of country liquor of weaker strength.

7. The revenue from foreign liquor was about Rs. 15.39 lakhs as against Rs. 15.38 lakhs in the previous year. Though there was a fall in the consumption of foreign liquor generally and consequently a fall in license fees, there was an increase in the consumption of Indian made foreign liquor, which produced an increase of Rs. 60,000 in the revenue from duty.

Imports of German beer in tins and drums is a novel feature of the year. It is satisfactory to note that imports of Java spirit are gradually on the decline and Government will await with interest the time when the expectation regarding the displacement of Java spirit by cheap local spirit in the market may be realised.

The bonded laboratories in this province maintained their reputation and their preparations found a ready market throughout India. Strict adherence to B. P. Standards was enforced by the department.

8. The number of licenses for the retail sale of ganja was 13 more than in last year; and the amount consumed was the same as in 1935-36. The area cultivated was reduced by 185 bighas or 25 per cent. of the area cultivated in the preceding year, because export to Bihar, formerly large, had almost entirely ceased. Revenue from ganja increased by Rs. 25,585.

Of the other two hemp drugs, the consumption of charas, imported from the Punjab, remained stationary, while that of bhang showed a small decline.

9. The system of restricted supply of opium to licensed shops, according to local requirements as fixed by the Collectors, continued throughout the province except in a few districts where the necessity for such a system no longer existed. The regulations prescribed by Government on the recommendation of the League of Nations relating to import, export or transport of dangerous drugs which include opium and its derivatives were strictly followed. The restrictions regarding limit of sale and private possession imposed on the consumption of opium in the industrial areas were maintained during the year. Consumption fell from 642 maunds 39 seers to 626 maunds 11 seers and revenue fell from Rs. 34,31,140 to Rs. 33,20,556 as compared with the previous year. The Opium Smoking Act and the rules thereunder have resulted in a further reduction in the number of opium smokers.

10. During the year 22,434 persons were arrested for offences against the Excise and Opium Laws. 8,266 of them were permitted under section 65 of the Excise Act to compound their petty offences. 14,168 persons were prosecuted and against 12,378 of them convictions were obtained. In one circle as many as 1,723 cases were detected.

11. The Temperance movement made little real headway, though in Malda and Darjeeling there was some not very successful propaganda against excessive drinking. In Chandpur a short-lived abstinence campaign kept some sweepers away from the licensed shops for about three months.

Experience has shown that the closing of liquor shops of itself does not help the cause of Temperance; as consumers, unable to secure what they want from licensed premises, either buy from illicit traders, or, as they can easily do, manufacture the stuff to their own requirements. The greater the restrictions on the sale of alcohol and drugs, the greater becomes the profit of the smuggler; and love of gain is a stronger motive than fear of punishment. The amazing spread of illicit distillation and brewing within the last ten years is illustrated by the increase in the number of cases detected, from 2,252 in 1926-27 to 8,726 in 1936-37.

12. The Government of Bengal have much pleasure in recording their appreciation of the manner in which the work of the department was conducted by Messrs. D. MacPherson and A. S. Larkin. Thanks are also due to the officers mentioned in paragraphs 97 and 98 of the report whose loyal co-operation contributed to the successful working of the department.

O. M. MARTIN,

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 29th March 1938.

Forecast of the Rabi Crops of Bengal for 1937-38.

(Note.—On an average of the five years ending 1935-36, the area under summer rice in Bengal has represented some 0.5 per cent. of the total area under rice in India.)

Character of the season.—The sowings of the crops began under normal conditions in October. In November the rainfall was deficient. The month of December was dry in West and North Bengal and in the latter districts the drought prolonged till February. The growth of the crops was, as such, adversely affected in the North and West Bengal districts. The season, on the whole, has been fairly favourable for the crops.

Acreage.—The normal area under the different rabi crops dealt with in this forecast is estimated at 3,520,000 acres. The area actually sown this year is reported to be 3,285,000 acres as against 3,221,800 acres last year. Of this, the area under summer rice is reported at 413,500 acres as against 432,300 acres last year and that under tobacco is 313,300 acres as against 307,300 acres last year.

Outturn.—According to District Officers' estimates, the average outturn of the different rabi crops for the province, as a whole, works out at 82 per cent. of the normal as against 84 per cent. last year, the outturn for the more important rabi districts being as follows:—

Mymensingh 100, Dacca 81, Rangpur 85, Murshidabad 65, Faridpur 84, Pabna 88, Noakhali 75, Rajshahi 75, Bakarganj 100, Tippera 70, Nadia 66, Jalpaiguri 89, Malda 78, and Bogra 80 per cents. of the normal.

Summer rice and tobacco crops.—The outturn of summer (boro) rice, according to District Officers' estimates, is 91 per cent. of the normal as against 92 per cent. last year. The gross yield of the crop for the province on a basis of the normal yield of 14½ maunds of clean rice per acre is estimated at 198,100 tons this year as against 209,400 tons (revised) last year.

The outturn of tobacco crop is estimated at 84 per cent. of the normal as against 88 per cent. last year. Taking 13½ maunds as the normal yield of the crop per acre, the gross yield of the crop for the province this year is estimated at 130,500 tons as against 134,100 tons (revised) last year.

Director of Agriculture, Bengal.

Burdwan.—No. 1407P.H.—8th April 1938.—In exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is pleased to make the following rules for the regulation of the supply of filtered water to private premises for domestic purposes in the Asansol Municipality in the district of Burdwan in supersession of those published in notifications No. 650P.H., dated 5th March 1931, and No. 244P.H., dated 11th February 1933:—

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water-rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 200, a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

2. A fee of Rs. 100 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee shall be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holding for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

- (a) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;
- (b) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (a) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (b) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank shall be suitably covered and protected and shall be provided with locked lid, ball-valve, stop-valve and overflow-pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (a) and (b) of rule 4 or any part thereof to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (b) of rule 4 shall be durable and water-tight and the cover, overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly at the expense of the owner or occupier under the supervision of an officer of the municipality.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to supply of water corresponding to the water-rate payable on the basis of the annual valuation of such holding, according to the following table:—

The requisition shall be for a period of not less than one year, and payment shall be made in advance for the whole year at the rate of one pie per 10 gallons of additional water per day requisitioned.

They shall connect the same to the street main by a service-pipe or pipes, and do all other work necessary to commence and maintain the supply.

The Commissioners shall keep in stock a number of tanks, with pipes, fittings, etc., for the above purpose.

14. The payment referred to in rule 12 shall be made once a week. In case the owner or occupier fails to make the payment weekly, the Commissioners or their officers may at once stop the supply of water by cutting off the temporary connection and remove the storage tank or tanks, temporary service-pipe, etc., fixed for such connection.

15. Two or more such temporary connections may be taken, if required, on payment of additional costs and weekly charges.

16. The Commissioners may cut off the connection between any waterworks of the Commissioners and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, viz.—

- (a) if the holding is unoccupied;
- (b) if the occupier fails to pay his water-rate;

Pabna.—No. 1428P.H.—8th April 1938.—Whereas the Governor of Bengal is satisfied that the Shahzadpur and Chauhali police-stations in the district of Pabna are threatened with an outbreak of small-pox;

Now, therefore, in exercise of the power conferred by section 2A, read with sub-section (1) of section 2 of the Epidemic Diseases Act, 1897 (Act III of 1897), the Governor of Bengal is pleased to prescribe the following temporary regulations for the prevention and control of small-pox, and for the medical inspection, isolation, observation and surveillance of persons suffering from, or suspected of being infected with, small-pox in the said police-stations for a period of two months:—

Temporary regulations for the prevention and control of small-pox.

1. In these regulations, unless there is anything repugnant in the subject or context—

- (a) "District Health Officer" means the Health Officer of the district appointed by the District Board and under sub-section (3) of section 91 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885);
- (b) "Sanitary Inspector" means a Sanitary Inspector appointed by the District Board under sub-section (3) of section 91 of the Bengal Local Self-Government Act of 1885;

- (f) "patient" means a person suffering from or suspected to be suffering from small-pox;
- (g) "medical practitioner" means any person practising the medical profession.

Notices.

2. If in any case the District Health Officer considers that the issue of a notice under regulation 20 is likely to lead to such an amount of delay as might facilitate the spread of small-pox, he may forthwith take such steps as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the District Health Officer has, by a notice issued under regulation 20, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the District Health Officer shall be entitled to carry out the measure.

Costs and compensation.

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the Board except in any case where the order directs a person to carry out

any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the District Health Officer to pass such an order, are not attributable to any act or default of the person in possession of the property, the Board may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the District Health Officer.

Location of disease.

6. When a case of small-pox occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, the senior male inmate of the house other than the patient of the house shall within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchmen to the nearest Sanitary Inspector.

7. (1) Every medical practitioner called in to attend upon any case of small-pox shall forthwith give notice of the case by a special messenger to the nearest member of the outdoor staff of the Board and to the District Health Officer by post and the cost of such messenger in each case shall be defrayed by the Board.

(2) The doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of small-pox brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the District Health Officer by post, and the cost in each case shall be defrayed by the Board.

8. Presidents of Union Boards in union board areas and thana officers in non-union board areas shall apply to the District Health Officer such periodical returns of cases of small-pox as he may from time to time call upon them to furnish.

9. The District Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from small-pox or who, in his opinion, may be infected with or likely to spread small-pox.

Isolation of patients.

10. When the District Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the District Health Officer.

He shall not direct the patient to be removed from the house unless it is, in his opinion, impossible to make proper arrangements for his isolation therein.

11. The District Health Officer or a Sanitary Inspector may order that any person, who has been in contact with a person found to be suffering from small-pox, shall be segregated for a period not exceeding a fortnight in a manner and in a place to be approved by the District Health Officer.

12. The District Health Officer or a Sanitary Inspector may order that any person who has been in contact with a person found to be suffering from small-pox shall be vaccinated or revaccinated within a time to be specified in the order.

13. No person shall enter any place wherein a patient is isolated under regulation 10 without the permission of the District Health Officer or a Sanitary Inspector.

14. When a patient has been removed from a house for isolation under regulation 10, the Board shall provide for him free of charge a suitable place, with necessary attendants, diet, etc.

15. No person, who is or has been suffering from small-pox, shall leave the place where he has been staying until he has received from the District Health Officer or a Sanitary Inspector written permission to do so.

15A. No person while suffering from evident symptoms of small-pox or in the convalescent state of the disease with scabs of pocks on his body shall expose himself in any street, road, public place, shop, bazar or any place used in common by persons other than members of the family or household to which such infected person belongs or shall move from place to place unless he is proceeding to a hospital for admission and treatment.

Medical College, Calcutta, 1938.

Rules for the guidance of students seeking admission into the Medical College, Calcutta.

1. Two classes of students are admitted to the college:—

(1) *Civil pupils' class*.—Admission to this class is restricted to students, male or female, who were born within or whose parents are domiciled within the territorial jurisdiction of the Calcutta University. Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M. B. examination of the Calcutta University are admitted to this class.

(2) *Military pupils' class*.—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director-General, Indian Medical Service).

NOTE.—Casual students are not admitted. No students are admitted other than those in one or other of the above classes.

2. The minimum preliminary qualification for admission is the First Class Pass certificate of the I. Sc. examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examination in the second division may be admitted, provided they are otherwise considered suitable, to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (a) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside. For special reasons to be recorded in writing, the Principal may allow any female student to reside outside this Hostel.

(b) Female students studying in the college but belonging to provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

4. The session commences with the summer term which begins on the 15th June and ends on the day before the commencement of the Durga Puja holidays. The winter term commences on the day after close of the Durga Puja holidays and ends on the 31st March.

5. All applications direct from new students in Bengal for admission to the college should be accompanied by a fee of Rs. 4 which will not be refunded.

All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form, available in his office before the 25th May except in the following cases:—

(a) Students from other provinces for which places are reserved should apply to the Inspector-General, Civil Hospitals, of those provinces for admission within such dates as that officer may prescribe.

(b) The candidates from Indian States will be nominated by the States themselves.

(c) Students from the Dacca University area will be selected as follows:—

(i) Three students will be selected by the Dacca University, and

(ii) Three students by the Chairman of the Dacca Intermediate and Secondary Education Board.

6. The number of civil students to be admitted each year is 105. Vacancies are allotted as follows:—

Other provinces and Indian States including			
1 from Nepal State	8
Dacca	6
Surgeon-General's nominees	5
Women	5
Muhammadans	21
Others	60

Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Selection Committee appointed by Government.

(a) Besides the students nominated by the Indian States under rule 5 (b), one student will be nominated by the Inspector-General of Civil Hospitals, Central Provinces, six students (including one female student) by the Inspector-General, Civil Hospitals, Assam, and six by the authorities mentioned in rule 5 (c).

These students must possess the qualifications mentioned in rule 2 and the nomination must reach the Principal, Medical College, Calcutta, before the 10th June each year, failing which the vacancies will be filled with local candidates. Vacancies arising by resignation or otherwise in places filled by reservation for the authorities in paragraph (a) cannot be filled again by those authorities during the year.

(b) Five seats shall be reserved annually for nomination by the Surgeon-General provided the candidates possess the necessary physical qualifications and at least a 2nd class pass certificate of the I.Sc. examination of the Calcutta University with the subjects mentioned in rule 2 or of an examination recognised as equivalent to it. These nominations shall ordinarily be made after the Selection Committee have made their choice under clause (c).

(c) The remaining vacancies shall be filled up by the Selection Committee specially appointed by Government from year to year. This Selection Committee will be the authority to select candidates belonging to Bengal.

(d) Every student selected by the Selection Committee for admission shall be examined medically in the Medical College, have his health card filled up and be passed fit before his fees are accepted, provided that if it is proposed to reject any student on the ground of his being medically unfit as a result of such examination, such decision shall not take effect unless it is sanctioned by the majority of votes of the members of the medical profession on the Selection Committee.

(e) Any candidate who has—

(i) endeavoured to enlist for his candidature the support of persons of influence or of Government officials,

(ii) personally canvassed any member of the Selection Committee or on whose behalf anyone else has canvassed any such member,

(iii) produced any letter of recommendation other than certificates from teachers or testimonials from persons under whom he has actually been employed,

shall be held to be disqualified for admission into the Medical College.

7. Of the total number of candidates nominated by the Selection Committee at least one-fourth should be Muhammadans, if a suitable number of qualified candidates belonging to that community can be obtained.

8. Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the rolls:—

	Rs.
Admission fee ...	25
Fees for summer term ...	100
Athletic Club fees ...	4
Caution money for Laboratory Practice ...	10
Total ...	139

(a) A student who without leave absents himself from the College or his hostel for more than one month, shall be removed from the rolls of the College, if the College Council so recommend. No refund of fees paid can be claimed in such cases.

Fees other than caution money once paid cannot be refunded except to those whose claim for refund is tenable under rule 17. The levy, accounting and disposal of caution money will be governed by the rules prescribed under Government order No. 1689Medl., dated the 24th May 1932.

9. Forms of application for admission will be issued from the 15th April and received up to the 25th May every year.

10. Failed students must apply for admission and pay the fees within the date prescribed by the Principal, otherwise their claim will lapse.

In exercise of the powers conferred by clause (a) of sub-section (1) of Section 247 of the Government of India Act, 1935, the Secretary of State hereby makes the following Rules, namely:—

THE SUPERIOR SERVICES (INDIA) FAMILY PENSION FUND RULES.*Section I.—General.*

1. These Rules may be called the Superior Services (India) Family Pension Fund Rules.

2. The sums contributed or paid as hereinafter prescribed shall be accounted for to the Secretary of State and shall be credited in his books to an account entitled the Superior Services (India) Family Pension Fund; and there shall be debited to the said account all payments in respect of pensions, benefits, or other outgoings properly payable out of the Fund.

3. The Secretary of State shall, at such times and in such manner as may be agreed between him and the Commissioners appointed under the provisions of the Government of India (Family Pension Funds) Order, 1936, pay to or receive from the said Commissioners the amounts by which the receipts credited to the above-mentioned account exceed or fall short of the payments debited thereto as the case may be.

4. The Secretary of State may by alteration of these Rules make such changes in the rates and conditions of contribution and benefit as he shall from time to time think necessary. Every such alteration shall, in the absence of provision in the Rules to the contrary, take effect from the first day of the month following the date of publication of the amendment in the "Gazette of India":

Provided that no such alteration shall operate to reduce the pension payable to any person already in receipt thereof otherwise than by the withdrawal or reduction of any increase granted temporarily or by making any reduction deemed to be necessary in consequence of the transfer of the Fund to Commissioners under the provisions of the Government of India (Family Pension Funds) Order, 1936.

5.—(1) The Secretary of State shall, from time to time, at such periods as he may determine, place the accounts of the Fund, together with statistics of the ages, births, marriages and deaths of the subscribers and of their dependants, before such Actuary or Actuaries as he may select, with instructions to examine them and report thereon.

(2) A compulsory subscriber who retires from the service on a compensation pension may elect, within three months of the date of retirement, to discontinue subscription under these Rules with effect from the date of his letter signifying such election; his dependants shall thereupon cease to be entitled to any benefits under these Rules, but the subscriber may be granted a lump sum on the terms and conditions set forth in the preceding Sub-rule.

11.—(1) A compulsory subscriber who retires with a pension under the India Premature Retirement Rules or the Burma Premature Retirement Rules may adopt, at his option, one of the following methods of retaining for his wife and children benefits under these Rules, namely:—

- (a) He may cease to make any contributions under the Rules, and shall then retain only the right to a proportion of the contingent benefits under the Rules for his wife and children existing on the date of retirement, and for any children subsequently born to that wife. This proportion shall be equal to the completed number of years during which he has subscribed divided by 25.
- (b) He may continue until the expiration of 25 years from the date on which he became a subscriber to make contributions under the rules at the rates which would have been payable by him from time to time had he remained in the service. In that case he shall retain the full benefits admissible under the Rules as if he had remained in the service:

Provided that, in the event of the officer failing to notify within three months of the date of his retirement the method selected by him, he shall be deemed to have elected the first of the above methods.

(2) There shall be repaid to the Superior Services (India) Family Pension Fund in accordance with the provisions of the Rules referred to in sub-rule (1), any loss thrown upon it by the operation of this rule; and the decision of the Secretary of State as to the amount of such loss shall be final.

12.—(1) Every compulsory subscriber shall report his marriage, in the form prescribed in the Second Schedule, within one month of the date thereof or within one month of his arrival in India or Burma, if he was then married.

(2) Every compulsory subscriber shall report in the form prescribed in the Third Schedule, within one month of its occurrence, the birth of every child born alive in wedlock, or, if he was married and had children living at the date of his arrival in India or Burma, he shall report their names and dates of birth within one month of that date.

(3) The Secretary of State may at his discretion declare a widow or child whose marriage or birth was not reported in accordance with these Rules ineligible for benefit.

(4) Every subscriber shall report within one month of its occurrence the death of any dependant eligible for benefit under these Rules.*

13.—(1) Subject to the provisions of Rules 9, 10, 11 and sub-rule (3) of Rule 12 the widow of a deceased compulsory subscriber and all children born to him in wedlock shall be entitled to the benefits specified in the Fourth Schedule.

(2) A beneficiary to whom these rules apply shall be entitled to the benefits specified in the Fourth Schedule.

14.—(1) The pension† of a widow under these Rules shall continue in full during widowhood. It shall cease on her remarriage, but if she again become a widow she shall be entitled to revert to full pension as widow of her first husband, and, should her last husband have been a subscriber, to draw in addition pension as his widow.

(2) The pension† of a male orphan shall be payable until he attains the age of 21:

Provided that in any case where it is shown that a male orphan on attaining the age of 21 years is by reason of mental or physical infirmity incapable of earning a livelihood, the Secretary of State may at his discretion permit such male orphan to continue to draw beyond that age a pension of amount not exceeding that of which he is then in receipt under this Section of these Rules:

Provided further that, if a male orphan shall be over the age of 21 on the date of his father's death, and if it shall be shown that by reason of mental or physical infirmity he was not at the age of 21 and has not at any subsequent period been capable of earning a livelihood, the Secretary of State may at his discretion grant to him a pension of amount not exceeding that laid down in the Fourth Schedule of these Rules for sons over 12 years of age.

*The reports required by these Rules should be made :—

- (1) To the Accountant-General, Central Revenues, New Delhi, when the subscriber is drawing pay in India or in a Colony to which he has gone direct from India.
- (2) To the Accountant-General, Burma, when the subscriber is drawing pay in Burma or in a Colony to which he has gone direct from Burma.
- (3) To the Controller of Pension Funds, India Office, Whitehall, London, S.W.1., when the subscriber is drawing pay in England or in a Colony to which he has gone direct from England.

†Application for admission to pension should be made to the Controller of Pension Funds, India Office, Whitehall, London, S.W.1, or, if the applicant is in India or Burma, to the Accountant-General, Central Revenues, New Delhi, or the Accountant-General, Burma, as the case may be.

(3) The pension* of a female orphan shall be payable until the date of her marriage and shall not revive upon widowhood.

15.—(1) A posthumous child of a compulsory subscriber by a marriage duly reported in accordance with Rule 12 (1) shall be entitled to pension.†

(2) No child shall be entitled to benefit under this Rule whose birth is not reported within 12 months of the occurrence.

16. On the termination of the marriage of a compulsory subscriber by divorce or annulment, the wife of the marriage so terminated shall be entitled to no benefit under these Rules. The subscriber shall report the dissolution of the marriage within one month of the date thereof.

17. A compulsory subscriber may, at his option, at any time during his service, make further provision for his family as a voluntary subscriber under Section III of these Rules.

Section III.—Rules relating to Contributions and Benefits (Voluntary contributions).

18. (1) The Rules in this section apply—

(a) to every compulsory subscriber who avails himself of the provision of Rule 17, and

(b) to every pensionable European, Anglo-Indian or Anglo-Burman officer (other than a military officer or a member of the Indian Civil Service or the Ecclesiastical Department) who was—

(i) appointed before 1st September, 1928, by the Secretary of State in Council to a service or post classified as Superior by rules made under the Government of India Act; or

(ii) appointed to such a superior service or post before 1st April, 1924, by the Governor-General in Council or a provincial Government; or

*Application for admission to pension should be made to the Controller of Pension Funds, India Office, Whitehall, London, S.W.1, or, if the applicant is in India or Burma, to the Accountant-General, Central Revenues, New Delhi, or the Accountant-General, Burma, as the case may be.

(c) to every pensionable European, Anglo-Indian or Anglo-Burman officer who was at the time of his appointment 28 years of age or over and was—

(i) appointed by the Secretary of State after 31st March, 1937, to the Indian Police, or

(ii) appointed to the Burma Police Class I, and

(d) to all persons who being beneficiaries of the fund on 31st March, 1937, under the Rules relating to voluntary subscription then in force did not, under the provisions of Section 19 of the Government of India (Family Pension Funds) Order, 1936, make objection to the vesting in Commissioners of their interest in the fund:

Provided that the provisions of this Section shall not apply to any officer described under head (b) above who before 1st April, 1937, made provision for his family under the Rules of the Fund then in force, and made objection under the provisions of Section 19 of the Government of India (Family Pension Funds) Order, 1936, to the vesting in Commissioners of his interest in the fund.

(2) If any question arises as to whether this Section of the Rules applies or does not apply to any individual officer, the question shall be decided by the Secretary of State, and his decision shall be final.

19. Subject to the provisions of Rule 21, any beneficiary as aforesaid shall be entitled to an annuity at the rate for which payment was made on his or her behalf.

20.—(1) Any officer to whom these Rules apply may at any time, subject to the conditions laid down in these Rules, provide for the payment of an annuity after his death to his wife and children or any of them or may increase any such provisions previously made.

(2) Subject to the provisions of Rule 21, provision as aforesaid shall be on the terms set out in the Sixth Schedule to these Rules.

(3) The total annuity secured to any one dependant including any annuity payable under the Rules of Section II, shall not unless the Secretary of State in any particular case otherwise determines exceed the following—

	£
To a wife	300
To a child over the age of 12	100
To a child from age 6 to age 12	75
To a child from birth to age 6	50

21. With effect from 1st April, 1937, until further notice all annuities provided under the Rules of this Section shall be reduced as follows:—

Annuities in issue on 31st March, 1937.			Reduction per cent.
To widows over 70 years of age on 31st March, 1937	4
To widows aged 70 years and under on 31st March, 1937	5
To children ceasing at age 21	4
To daughters continuing until marriage	5
Annuities becoming payable after 31st March, 1937.			Reduction per cent.
To children ceasing at age 21	4
All others	5

22. Every officer applying on or after 1st March, 1929, to subscribe or to increase his contributions under this Section shall produce medical evidence as to the state of his health in the form prescribed in the Fifth Schedule.

Liability for contingent pension under this Section shall commence—

- (a) in the case of pensions paid for by monthly contributions, from the date of the letter notifying the acceptance of the application to subscribe, from which date contributions shall be payable;
- (b) in the case of pensions paid for by single premium, from the date on which, after acceptance of the application, the single premium is paid.*

Notification of acceptance shall be given in England by the Controller of Pension Funds, India Office, in India by the Accountant-General, Central Revenues, and in Burma by the Accountant-General;

Monthly contributions shall ordinarily be payable from the date of acceptance at the rate appropriate to the ages of the parties on that date; but they may, at the option of the subscriber, be recovered with effect from the date of application at the rate appropriate to the ages on that date.

Single premium shall ordinarily be calculated according to the ages of the parties at the date of payment, but they may, at the option of the subscriber, be calculated according to the ages at the date of application and shall then be regarded, for the purposes of Rule 27 as due on that date.

23. Contributions paid under this Section of the Rules confer a claim to benefit only on the particular dependant on whose behalf they are paid. The right to pension of a wife, subject to the provisions of Rules 24 and 25, shall not be affected by reason of the termination of her marriage by divorce or annulment.

*These contributions are fixed in sterling and when recovered or paid in India or Burma are convertible into rupees at the current rate of exchange. Subscriptions may be substituted for payments to the General Provident Fund, subject to the provisions of Rule 17 of the Rules of that Fund.

24. A subscriber whose contributions under this Section are in arrear for a period greater than three months shall thereby forfeit all his past payments, and his dependants shall lose all claim to benefits, under this Section :

Provided that the Secretary of State may permit resumption of contributions on such term as he shall in each case decide :

Provided further that the Secretary of State may at his discretion permit recovery of subscription due over a prolonged period of leave on medical certificate, or of extraordinary leave without pay, to be postponed until the expiration of such leave.

25.—(1) A subscriber may at any time discontinue or reduce any monthly contributions payable by him under the Rules of this Section, in which case the dependants for whom the contributions so discontinued or reduced were paid shall be entitled, after his death, to modified pensions,* the amount of which shall be decided in each case by the Secretary of State, whose decision shall be final.

(2) A subscriber may at any time, on giving not less than one month's notice in writing, reduce or cancel the provision made for his wife or children under the Rules of this Section and may thereupon be granted a refund equivalent to the net liability of which the Fund is so relieved: but the Secretary of State may require medical evidence of the health of each dependant in respect of whom a refund† is payable in the form prescribed in the Fifth Schedule.

The amount of the refund shall be fixed in each case by the Secretary of State and his decision shall be final.

26. A subscriber may at any time commute any level monthly contributions payable by him under the Rules of this Section on the terms specified in the Seventh Schedule.

Section IV. Rules relating to Contributions and Benefits. (General.)

27. Interest at the rate of 4 per cent. shall be charged on contributions remaining unpaid for more than one month from the date on which they become due.

28. Any payment due at a subscriber's death shall be deducted, without any addition for interest beyond the date of death, from the pensions due to his dependants in four quarterly instalments, or, if the sum due is more than half the annual amount of the pensions, in such a number of quarterly instalments as the Secretary of State may direct.

29.—(1) The Secretary of State may at his discretion permit a portion of the pension of a male orphan who has reached the age of 16 years to be commuted with a view to the proceeds being applied to the pensioner's advancement in life.

*A dependant, the contribution on whose behalf has been wholly discontinued, will not necessarily remain entitled under this Rule to any pension. For instance, no pension will normally be payable in these circumstances in the case of children whose pensions would have ceased at age 21 or of daughters approaching marriageable age.

†No refund will be payable in the case of (a) children whose pensions would cease at age 21, except where the contracts have been effected by payment of single premiums and (b) daughters approaching marriageable age.

(2) The pension of a minor orphan shall be paid to his or her mother or other duly appointed or recognised guardian.

30. Declarations shall be furnished quarterly as to the continued widowhood, spinsterhood or survival of pensioners as the case may be.*

31. A pension payable under these Rules shall ensure for the benefit of the pensioner only and no transfer, assignment or other alienation thereof shall be recognised.

32. (1) Pensions and gratuities under these Rules shall be payable in London in sterling.† Pensioners residing in India or Burma may, however, at their option, receive payment‡ there in rupees at such rate of exchange as the Secretary of State may prescribe.

(2) A pensioner residing in India or Burma who has elected to receive payment there shall not subsequently be permitted to change the place of payment except at the commencement of an official year.

33. References in these Rules to the Secretary of State shall be construed as references to the Secretary of State acting with the concurrence of his advisers in accordance with the provisions of Section 261 of the Government of India Act, 1935.

34. The Superior Services (India) Family Pension Fund Rules previously in force are hereby repealed.

*Forms for the purpose of the declarations required by this Rule are supplied by the High Commissioner for India, India House, Aldwych, London, W. C. 2, or, in the case of pensioners receiving payment in India or Burma, by the Accountant-General, Central Revenues, New Delhi, or the Accountant-General, Burma, as the case may be.

J. C. BASU, for Director of Agriculture, Bengal.

Dacca, the 12th April 1938.

**DEPARTMENT OF AGRICULTURE,
BENGAL.**

Dacca, the 31st March 1938.

**Third Forecast of the Wheat Crop of Bengal,
1937-38.**

(Note.—On an average of the five years ending 1935-36, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (a) British India and (b) in the territory now reported on has, in the five years ending 1935-36, averaged (a) 41·7 and (b) 9·7 per cent., respectively.)

Character of the season.—Since the submission of the second forecast no improvement has set in. Want of timely and sufficient rainfall has adversely affected the growth of

the crop causing damages at places. On the whole, a fair crop is anticipated for the province.

Acreage.—According to the estimates of the district officers the total area sown comes to 160,900 acres this year as against 149,500 acres both in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from the district estimates is 80 per cent. as against 83 and 84 per cent. in the corresponding and final forecasts of last year.

GOVERNMENT OF BENGAL.

Revenue Department.

(Land Revenue.)

RESOLUTION—No. 6414-L.R.

Calcutta, the 2nd April 1938.

Resolution on the question of appointment of a Commission to examine the existing land revenue system of Bengal.

The Government of Bengal have already taken steps to redress some of the most urgent grievances of agricultural tenants by introducing a Bill [The Bengal Tenancy (Amendment) Bill, 1937] which has been passed, with some modifications by the Legislative Assembly and which is now before the Legislative Council. Government recognise, however, that a considerable body of public opinion is in favour of a more radical reform of the whole land revenue system, but there is no unanimity as regards the nature of the changes which should be made.

Moreover, any radical change in the very complicated system of land tenure in Bengal would affect very many interests and would have serious repercussions on the economic and social structure of the Province. After

the most anxious consideration the Government of Bengal have, therefore, decided as a necessary preliminary to any further measures of reform to appoint a Commission to review the whole of the existing system and to make recommendations as to the lines on which future legislation should proceed.

The work which the Commission will be authorised to undertake will include the following and may be added to if necessary:—

Generally, to examine the existing land revenue system of Bengal in its various aspects, with special reference to the Permanent Settlement; to estimate the effect of the system on the economic and social structure of Bengal, and its influence on the revenues and administrative machinery of the Provincial Government; to appraise the advantages and disadvantages of the existing system, and to advise what modifications, if any, can and should be made, and in what manner, and in what stages they should be effected? In particular, to examine the following questions:—

- (1) To what extent are the underlying principles of the Permanent Settlement of value to the social and economic structure of Bengal? Have those principles been defeated by the commercialization of cultivating rights in land and, if so, to what extent would it be possible and expedient to reassert them by revising the process of commercialization?

- (2) Comparing permanently settled estates with temporarily settled estates and Government estates, and comparing also the general level of rents in other Provinces and the economic condition of cultivators in Bengal with their condition in other Provinces, what is the case for adjusting the general level of rents of agricultural land in Bengal in one direction or another?
- (3) How has the existing machinery for fixing fair and equitable rents in Government and temporarily settled estates in Bengal worked and how can it be improved? Are there adequate grounds for setting up an organisation for fixing fair rents for cultivators throughout the Province at regular intervals? On what principles should the fixing of fair rents proceed? Is a general fixing of fair rents possible without a radical alteration of the existing land revenue system?
- (4) Would it be financially and economically sound to fix the rents of cultivators in perpetuity?
- (5) Is it practicable and advisable for Government to acquire all the superior interests in agricultural land so as to bring the actual cultivators into the position of tenants holding directly under Government? If so, what would be the probable cost of such an operation, how long would it be likely to take, and what would be its probable consequences on the economic, financial, administrative, and social structure of the Province? Would it be practicable to maintain the actual cultivators in the position of direct tenants of Government and, if so, by what method and what would be the implications of such a proposal?
- (6) How far has subinfeudation among landlords and riyats affected their economic position as holders of land and to what extent can such position be improved by restrictions on subinfeudation?
- (7) To what extent can the credit value of holdings be raised and the borrowing facilities of cultivators improved by reducing the fragmentation of proprietary interest in holdings and by the maintenance of reliable records of title?
- (8) Does the existing procedure in Civil and Revenue Courts for realisation of rents operate efficiently and without undue hardship to tenants? What are the defects of the existing procedure, and what measures should be taken to remedy those defects?

With regard to the composition of the Commission it has been decided that it should be non-political and representative of various interests likely to be affected and that it should include technical experts of the highest standing together with an independent Chairman.

At the request of his Ministers His Excellency the Governor has been able, through the good offices of the Secretary of State, to secure as Chairman of the Commission, the services of Sir Francis Floud, K.C.B., K.C.M.G., the High Commissioner in Canada for His Majesty's Government in the United Kingdom and formerly Permanent Secretary of the Ministry of Agriculture, Chairman of the Board of Customs and Excise, and Permanent Secretary of the Ministry of Labour.

The Secretary of State for Dominion Affairs has agreed to release Sir Francis Floud for this purpose and he will therefore resign his post as High Commissioner in Canada and retire from the United Kingdom Civil Service next September in order to take up the Chairmanship of the Commission.

The collection and arrangement of materials for this Commission have been going on steadily for some months, and it is Government's intention formally to constitute the Commission at an early date.

Secretary to the Government of Bengal.

No. 3888J. —18th April 1938.—Rules for the establishment of a Board to conduct the Pleaders' Survey Examination, for the training of candidates and for the granting of certificates to qualified candidates.

Constitution and functions of the Examination Board.

1. The examination will be conducted by an Examination Board which will be composed as follows:—

(1) A High Court Judge to be nominated by the High Court—President.

Members.

(2) A District Judge to be nominated by the High Court.

(3) The Principal of the Bengal Engineering College (Secretary).

(4) Director of Surveys, Bengal.

(5) Director of Surveys, Assam.

(6) The Principal of the Ahsanulla School of Engineering, Dacca.

2. Certificates issued to candidates attached to Courts in Bengal and Assam will be signed by the Secretary.

3. The Board will, through their Secretary, arrange to conduct the examination, to appoint examiners and receive their reports, to issue instructions to the candidates, to record marks and announce results, to receive examination fees, and to pay the examiners and contingent expenses. The Board will also determine the scale of remuneration to be given to the examiners in consultation with the Government of Bengal.

Rules for the Examination of Pleaders for Certificates of Proficiency in Surveying.

4. An examination for these certificates will be held once annually in the month of February, or at such time as may be notified by the Board, at the following centres:—

The Bengal Engineering College—In Bengal, for Bengal and Assam candidates.

Dacca School of Engineering—In Bengal, for Bengal and Assam candidates.

5. Candidates practising in courts situated in the various districts will be examined at the places enumerated below:—

Candidates practising in the Burdwan, Presidency and Rajshahi Divisions at the Bengal Engineering College.

Candidates practising in courts in the Dacca and Chittagong Divisions and in Assam will be examined at Dacca.

6. The maximum number of names that will be registered for the examination is 20 for class II and 8 for class I (to be selected from class II passed candidates) at each examination centre at the Bengal Engineering College and Dacca.

7. In the event of more than 20 or less than 5 names for class II being registered for examination at any one centre, the Secretary will have power to direct candidates to proceed for examination to the other centre, provided that this does not increase the number appearing at that centre to more than 20.

8. In the event of more candidates than provided for in rule 6 being registered for examination in any year, the number admitted to the Bengal Engineering College or Dacca centre may be increased for that year. Should the number of candidates for examination at these centres be too great (in the opinion of the officer controlling the examination) to be examined at one time, he may arrange for two separate examinations in the field tests.* All candidates must appear at the same paper examination.

9. The registration of candidates for the examination will be conducted by the Secretary of the Examination Board.

10. No candidate will be admitted to the examination unless he has been enrolled as a pleader, and—

- (i) has obtained credit for attendance at the special course of instruction not less than eleven months and more than four years previous to the date of the examination, or
- (ii) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or
- (iii) has passed the Sub-Overseer Examination, or
- (iv) has obtained the Surveyor's certificate of one of the Government Survey School, or
- (v) is specially allowed by the Board to appear without any of the qualifications (i) to (iv).

11. No candidate will be admitted to the examination more than three times.

12. Candidates for admission to the practical examination shall, after they have had their applications on the prescribed form countersigned by the District Judge, forward them to the Secretary of the Examination Board so as to reach his office on such date in January as may be fixed annually by the Secretary and notified in two issues of the Gazette during the preceding month. Each application must be accompanied by a receipt from the local treasury certifying that the examination fee of Rs. 50 (in the case of class II candidates) and Rs. 75 (in the case of class I candidates) has been paid into the treasury; unless such receipt be received, the candidate's name will not be registered.

*The reason why it is not possible to hold a second examination at the other centre (*vide* rule 8) is that they have not so large a number of teachers, and the holding of the examination necessitates the closing of the school while it is proceeding.

13. Each examination is complete in itself. A candidate will be required to pass the examination in every test, and will not be exempted from a test on the ground that he satisfied the examiner in it previously.

14. No certificates of partial success will be issued.

15. The examination will comprise the following tests:—

Class II.

I. A paper on practical surveying—3 hours.

II. A practical test in chain surveying, during which the candidates' knowledge of the use of a prismatic compass will be tested—4 hours.

III. A practical test in plane tabling—4 hours.

IV. A practical test in levelling—4 hours.

V. An oral and practical test in the adjustment and care of surveying instruments.

VI. Plotting and calculations in connection with the work done in the field.

Tests Nos. II, III and IV will be such as can be completed by the candidates within four hours.

Class I.

I. Theoretical paper—4 hours.

II. A practical test on chain and prismatic compass survey (6-8 hours)—1 day.

III. A practical test on plane table surveying (6-8 hours)—1 day.

IV. A practical test on theodolite surveying (12-16 hours)—2 days.

V. Oral examination on the use of all instruments—1 day.

VI. Plotting—1-2 days.

Rules as to special course of training.

This special course in itself is of little use as a training in surveying. It is only intended as a preliminary instruction; the real training depends on the work done in the field during eleven months' interval between the course and the examination.

16. Classes will be arranged at the Bengal Engineering College and the Dacca School of Engineering, for ten weeks in the months of January to March each year, for both class I and class II candidates.

17. The heads of these institutions will fix the exact dates in each season, and the sites of training, and inform the candidates after the candidates are allotted under rule 27.

18. The classes will be held under canvas, and the necessary tents for this purpose will be provided by Government.

19. There will be two classes at each centre and there should be two instructors approved by the Board who will share the class work between them. They will be appointed by the head of each institution for twelve weeks in each season.

20. Attendance will not be marked any day unless the pleader attends for the full working hours, and if a pleader does not work satisfactorily, his attendance will not be credited.

21. The instructor shall keep a register of attendance. To obtain credit for attendance at this special course of instruction a candidate must have been entered according to rule 20 as having attended at least 80 per cent. of the full number of working days, and this attendance must be so distributed that the Board is satisfied that none of the subjects taught has been neglected. He shall also submit maps and sections of all field work to the satisfaction of the instructor.

22. The teacher of the class will not be permitted to give private certificates for this course.

23. A statement showing the total attendance of each pleader will be prepared by the teacher in charge and forwarded through the Controlling Officer to the Secretary.

24. Instructors will arrange for tents, coolies and instruments under the supervision of the head of the institutions concerned.

25. The fee for the course will be Rs. 100 for each of the class I and class II candidates payable in advance.

26. Any candidate who desires to undergo the course of training must apply to the Secretary of the Examination Board not later than such date in November as may be fixed annually by the Secretary and notified in the first two issues of the Gazette during that month. The application must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, *i.e.*, Bengal Engineering College or Dacca, and should be accompanied by a receipt from the treasury certifying that the fee of Rs. 100 for the course has been deposited into the treasury; unless such receipt be received, the candidate's name will not be registered.

27. The Secretary will allot candidates, consulting their wishes as far as possible, giving not more than 20 and not less than 8 in the case of class II candidates and not more than 8 in the case of class I candidates to a class. If the number of candidates exceeds 40 in the case of class II candidates and 16 in the case of class I candidates, he may arrange a second course at one centre. He will then inform the heads of the institutions as to the numbers in each of the classes, and the candidates as to the centres which they should attend.

28. Pleadors are expected to make their own arrangements for residence at the respective centres to which they are allotted.

The licensee shall adopt all appliances or means which the Commissioners may from time to time require for the purpose of preventing, abating, or minimising any nuisance or annoyance to the neighbourhood or to the public from the use to which a place licensed under section 370 is put and shall at all times maintain them in good and efficient order.

12. The licensee shall trap and connect the drains in a place licensed under section 370 with sewers with the consent of the Commissioners. Where there are no sewers

or where permission to connect drains with the existing sewers has been refused by the Commissioners the licensee shall collect waste water from such place in properly constructed cesspools. These should be periodically cleansed and the contents thereof treated in a manner to render them inoffensive or in such other way as the Commissioners may require before disposal in the way recommended by them.

13. A breach of any of the provisions of by-laws 1 to 12 shall be punishable with fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence.

insurance
fund in
liquidation
or insolvency.

(2) In the winding up of an insurance company carrying on the business of life insurance or in the insolvency of any other insurer carrying on such business where any proportion of the profits of the insurer was before the commencement of the winding up or insolvency allocated to policy-holders, if, when the assets and liabilities of the insurer have been ascertained, there is found to be a surplus of assets over liabilities (hereinafter referred to as a *prima facie* surplus) there shall be added to the liabilities of the insurer in respect of the life insurance business an amount equal to such proportion of the *prima facie* surplus as is equivalent to such proportion of the profits allocated to shareholders and policy-holders as was allocated to policy-holders during the ten years immediately preceding the commencement of the winding up and the assets of the insurer shall be deemed to exceed his liabilities only in so far as those assets exceed those liabilities after such addition:

(4) Where any company alleged to be secondary is not in process of being wound up at the same time as the principal company to which it is alleged to be secondary, the Court shall not direct the secondary company to be wound up, unless, after hearing all objections (if any) that may be urged by or on behalf of the company against its being wound up, the Court is of opinion that the company is secondary to the principal company and that the winding up of the company in conjunction with the principal company is just and equitable.

(5) An application may be made in relation to the winding up of any secondary company in conjunction with the principal company by any creditor of, or person interested in, the principal or secondary company.

(6) Where a company stands in the relation of a principal company to one insurance company and in the relation of a secondary company to some other insurance company or where there are several insurance companies standing in the relation of secondary companies to one principal company, the Court may deal with any number of such companies together or in separate groups as it thinks most expedient upon the principles laid down in this section.

(2) Any scheme prepared under this section shall provide for the allocation and distribution of the assets and liabilities of the company between any classes of business affected (including the allocation of any surplus assets which may arise on the proposed winding up), for any future rights of every class of policyholders in respect of their policies and for the manner of winding up any of the affairs of the company which are proposed to be wound up and may contain provisions for altering the memorandum of the company with respect to its objects and such further provisions as may be expedient for giving effect to the scheme.

(3) The provisions of this Act relating to the valuation of liabilities of insurers in liquidation and insolvency and to the application of surplus assets of the life insurance fund in liquidation or insolvency shall apply to the winding up of any part of the affairs of a company in accordance with the scheme under this section in like manner as they apply in the winding up of an insurance company, and any scheme under this section may apply with the necessary modifications any of the provisions of the Indian Companies Act, 1913, relating to the winding up of companies. Regulations and Forms for the preparation of Balance-Sheet.

PART I.

Regulations.

1. The balance-sheet required to be prepared in respect of every class of business carried on by an insurer is, in the form in which it is set out in Part II of this Schedule (Form A), appropriate to a case where the insurer maintains a separate fund in respect of life insurance business.

2. The balance-sheet of life insurance business shall be prepared as a separate document. The balance-sheet of any class of business may be prepared as a separate document instead of being incorporated by the addition of columns and headings in the general balance-sheet, but the totals of each such separate balance-sheet (showing the total assets of the class of business, the balance at the credit of the life insurance fund or other separate fund or account, the amount of shareholders' undivided profits, and outstanding liabilities) must in any case be incorporated in the general balance-sheet.

3. If any combined balance-sheet is for any purpose issued by an insurer, it shall be in accordance with the Form set out in this Schedule, and there shall not be included among the assets shown in any such combined balance-sheet any amount in respect of any holding in or advance to any insurer whose assets and liabilities have been incorporated therein. Every combined balance-sheet must show clearly on the face thereof that it is a combined balance-sheet and must set out fully the name of every insurer whose assets and liabilities have been incorporated therein; if the assets and liabilities of any person not being an insurer are included in a combined balance-sheet the fact must be stated thereon.

4. Where any guarantee has been given by an insurer (otherwise than in the ordinary course of re-insurance business) in respect of the policies of any other insurer, the balance-sheet of the insurer by whom the guarantee was given must show clearly the name of every insurer whose policies have been so guaranteed and the extent of the guarantee:

Provided that this regulation shall not apply where a combined balance-sheet is issued incorporating the assets and liabilities of the insurer whose policies are guaranteed.

5. Where any part of the assets of an insurer is deposited in any place outside British India as security for the owners of policies issued in that place, the balance-sheet shall state that part of the assets has been so deposited, and, if any such part forms part of the life insurance fund, shall show the amount thereof and the place where it is deposited. Where any combined balance-sheet is issued by an insurer for any purpose, the information required by this regulation shall be shown in the aggregate in respect of all the insurers whose assets and liabilities have been incorporated in the balance-sheet.

6. There shall be appended to the balance-sheet a statement in Form AA as set out in Part II of this Schedule showing the market value and the book value of the assets in India.

7. Every balance-sheet shall contain the following certificates, namely:—

- (a) a certificate signed by the same persons as are required by this Act to sign the balance-sheet explaining how the values as shown in the balance-sheet of the Investments in Stocks and Shares have been arrived at, and how the market value thereof has been ascertained for the purpose of comparison with the values so shown;

- (b) a certificate signed by the same persons as are required by this Act to sign the balance-sheet and signed also, so far as respects the value of any items shown in the balance-sheet under the heading of "Reversions and Life Interests", by an actuary, certifying that the values of all the assets have been reviewed as at the date of the balance-sheet, and that in their belief the assets set forth in the balance-sheet are shown in the aggregate at amounts not exceeding their realisable or market value under the several headings—"Loans", "Reversions and Life Interests", "Investments", "Agent's Balances", "Outstanding Premiums", "Interest, Dividends and Rents outstanding", "Interest, Dividends and Rents accruing but not due", "Amounts due from other Persons or Bodies carrying on Insurance Business", "Sundry Debtors", "Bills Receivable", "Cash" and the several items specified under "Other Accounts":

Provided that if the persons signing the certificate are unable to certify that the assets set forth in the balance-sheet are so shown as aforesaid, a full explanation of the bases upon which the values shown in the balance-sheet have been assessed shall be given in the certificate;

- (c) a certificate signed by the same persons as are required by this Act to sign the balance-sheet and by the auditor certifying that no parts of the assets of the life insurance fund has been directly or indirectly applied in contravention of the provisions of this Act relating to the application and investment of life insurance funds; and
- (d) certificates signed by the auditor (which shall be in addition to any other certificate or report which he is required by law to give with respect to the balance-sheet) certifying—
- (i) that he has verified the cash balances and the securities relating to the insurer's loans, reversions and life interests, and investments;
- (ii) to what extent, if any, he has verified the investments and transactions relating to any trusts undertaken by the insurer as trustee; and
- (iii) in the case of a combined balance-sheet, that he has audited the balance-sheet and accounts of every insurer whose assets and liabilities are incorporated therein, or that any such balance-sheet and accounts which have not been audited by him have been certified by independent auditors. The said certificate shall contain a reference to such reservations, if any, as may have been made by any auditor upon any report or certificate given by him with respect to the balance-sheet and accounts of any insurer whose assets and liabilities are incorporated in the combined balance-sheet.

8. If the values shown in the balance-sheet in respect of "Holdings in Subsidiary Companies" or "House property (i) in India, (ii) out of India" have been increased since the last previous balance-sheet, the certificate required by paragraph (b) of the last foregoing regulation shall state the amount of every increase not solely due to the cost of subsequent additions or, as respects holdings in controlled companies, to increased profits, and shall contain an explanation of the reason therefor.

9. For the purposes of this Schedule the following expressions have the meanings hereby respectively assigned to them, namely:—

- (a) "combined balance-sheet" includes any combined statement made by an insurer of assets and liabilities in the form of a balance-sheet which includes the assets and liabilities of any other insurer; and

- (b) "market value" means as respects any asset the market value thereof as ascertained from published market quotations, or, if there be no such value, its fair value as between a willing buyer and a willing seller.

PART I.

Regulations.

1. Abstracts and Statements must be so arranged that the numbers and letters of the paragraphs correspond with those of the paragraphs of Part II of this Schedule.

2. In showing the proportion which that part of the annual premiums reserved as a provision for future expenses and profits bears to the total of the annual premiums, in accordance with the requirements of paragraph 3 of Part II of this Schedule, no credit is to be taken for any adjustments made in order to secure that no policy is treated as an asset.

3. (1) The average rate of interest yielded in any year by the assets constituting a life insurance fund shall, for the purposes of paragraph 4 of Part II of this Schedule, be calculated by dividing the interest of the year by the mean fund of the year; and for the purposes of any such calculation the interest of the year shall be taken to be the whole of the interest credited to the life insurance fund during the year after deduction of income-tax charged thereon (any refund of income-tax in respect of expenses of management made during the year being taken into account), and the mean fund of the year shall be ascertained by adding a sum equal to one-half of the amount of the life insurance fund at the beginning of the year to a sum equal to one-half of that fund at the end of the year, and deducting from the aggregate of those two sums an amount equal to one-half of the interest of the year.

(2) For the purposes of the calculation aforesaid either—

- (a) all profits and income arising during the year from sums invested in reversions shall be included in the interest credited to the life insurance fund during the year; or
- (b) such portion of the life insurance fund as is invested in the purchase of reversions, and the profits and income arising therefrom, shall be excluded from the calculation; but in that case a statement must be added to the information required under the said paragraph 4, showing, in respect of the portion of the fund so excluded as aforesaid, the average rate of annual profit and income for which credit has been taken during the five years last preceding the valuation date, and explaining the manner in which the said average rate has been calculated.

(3) The information given in accordance with the requirements of the said paragraph 4 shall show clearly by which of the methods hereinbefore in this regulation mentioned the sums invested in reversions and the profits and income arising therefrom have been dealt with.

4. Every abstract prepared in accordance with the requirements of Part II of this Schedule shall be signed by an actuary and shall contain a certificate by him to the effect that he has satisfied himself as to the accuracy of the valuations made for the purposes thereof and of the valuation data:

Provided that in the case of an abstract prepared on behalf of an insurance company, if the actuary who signs the abstract is not a permanent officer of the company, the certificate as to the accuracy of the valuation data shall be given and signed by the principal officer of the company and the actuary shall include in the abstract a statement signed by him showing what precautions he has taken to ensure the accuracy of the data.

INSTRUCTIONS TO PILGRIMS.

(i) This pilgrim-pass is not transferable and is liable to confiscation if found in the possession of any person other than the rightful owner.

(ii) Pilgrims are advised in their own interest to affix a recent photo in the space provided for this purpose as this facilitates their identification.

(iii) Every pilgrim is required to present his or her pass for registration to the Executive Officer of the Port Haj Committee of the port of embarkation in India.

(iv) Every pilgrim is required, on landing at Jedda, to get his or her pass registered at the British Legation, Jedda, and to deliver to His Majesty's Representatives, his or her return ticket, if any, or deposit-paid receipt, for safe custody.

(v) Pilgrims are warned that if they do not deposit their deposit-paid receipts or return tickets, at the British Legation, Jedda, they will run the risk of their loss and will also lose the benefit of the Rotation System by which return passage is determined on the occasion of their homewardbound journey thereby incurring unnecessary expenses during their stay at Jedda.

(vi) Pilgrims are advised to report to the Indian Vice-Consul at Jedda any difficulty they may experience during their stay in the Hejaz.

(vii) The Indian Vice-Consul is always accessible to pilgrims and ready to help and assist them in their difficulties in the Hejaz.

(viii) Free medicine and free consultation are available for Indian pilgrims at the Government of India dispensaries at Mecca, Jedda and Muna. Pilgrims in need are advised to avail themselves of these facilities. The Indian Medical Officer charges five rupees for a visit to the patient's lodging and medicine is supplied free. Indigent pilgrims who are too ill to attend the Indian dispensaries personally are attended free in their quarters.

(ix) Pilgrims are warned in their own interests not to appoint executor against the event of their death in the Hejaz to deal with their estates. Such appointments only involve the estate in unnecessary expenditure without corresponding advantage. The general procedure of dealing with the effects of those who die is that the local Government collect them on the death of a pilgrim and eventually hand them over to the British Legation at Jedda, who forwards them to the authorities concerned at the ports of embarkation in India for disposal.

(x) Pilgrims are warned that their deposit-paid receipts or return tickets are not transferable and are liable to confiscation if found in the possession of an impostor.

The writer prefers that orthodox Hindus should be "ruled by the Governors and their Secretaries according to the laws and constitution that obtained in India prior to the introduction of Minto-Morley Reforms" and that instead of being party to their own extermination, they had better be disenfranchised.] Edited by Tarini Sankar Chakravarty. RESOLUTION— No. 80 T.R.

Darjeeling, the 28th April 1938.

Read—

The Report of the Board of Revenue, Bengal, on the administration of the wards, attached and trust estates in the Presidency of Bengal for the year 1343 B.S. (1936-37).

1. At the beginning of the year under report the total number of estates under the management of the Court of Wards was 129. Nine new estates were brought under management of the Court and four estates were released during the year. Thus at the close of the year there were 134 estates in charge of the Court.

2. Out of the aggregate of Rs. 77,26,705 due to Government as revenue and cesses, a sum of Rs. 66,22,973 or 85·7 per cent. of the total was paid during the year, as against 81·3 per cent. in the previous year.

3. The total current demand due to the estates on account of rent and cesses was Rs. 1,70·43 lakhs and arrear demand Rs. 3,40·90 lakhs. The total sum collected was Rs. 1,81·27 lakhs representing 35·4 per cent. of the total demand

or 106·3 per cent. of the current demand against 35·0 per cent. and 93·5 per cent., respectively, in the preceding year. This increase is mainly due to the increase of collection (6½ lakhs) in the Kasimbazar Raj Estate.

4. The total amount of ascertained debts of the Court of Wards Estates in the Presidency at the close of the year under report stood at Rs. 3,28,85,049 against Rs. 2,89,41,124 in the preceding year. The increase is due to the assumption of charge of some new estates with heavy debts and to the addition of unpaid interest. The principal repaid or otherwise reduced amounted to Rs. 26,38,882 and the interest paid or otherwise reduced Rs. 16,23,077 as compared with Rs. 44,20,325 and Rs. 17,18,584, respectively, in the previous year.

5. The percentage of cost of management of the estates in the whole Presidency on their current rent and cess demand was 11·2 as against 11·8 in the preceding year. Law expenses fell from Rs. 11·69 lakhs in 1935-36 to Rs. 9·69 lakhs.

6. The total sum spent during the year under the heads schools, dispensaries and works of improvement amounted to Rs. 5,91,004 against Rs. 5,52,269 of the previous year.

7. The thanks of the Governor are due to the Board of Revenue for the efficient administration of the estates under the management of the Court of Wards. He also notices with pleasure the work done by the Managers mentioned in the report.

Order- Ordered that the resolution be published in the *Calcutta Gazette*.

CORRIGENDUM.

The Bengal Financial Rules, 1st Edition (Reprint), 1930.

No. 4364F. 3rd May 1938.—Page 28.—Rule 53A.—For this rule with the heading above it, *substitute* the following:—

Attachment of Pay and Allowances for Debt.

Rule 53A. The extent to which the emoluments of a Government servant are exempt from attachment for debt is laid down in section 60 (7) of the Code of Civil Procedure, 1908, as amended by the Code of Civil Procedure (Second Amendment) Act, 1937, and further modified by the Government of India (Adaptation of Indian Laws) Order, 1937, and the Government of India (Adaptation of Indian Laws) Supplementary Order, 1937. The following is an extract of the relevant provisions of the section:—

"60 (7). The following property is liable to attachment in execution of a decree :

Provided that the following particulars shall not be liable to such attachment , namely:—

- • • • •
- (i) the salary of any public officer to the extent of the first hundred rupees and one-half the remainder of such salary:

Provided that, where the whole or any part of the portion of such salary liable to attachment has been under attachment, whether continuously or intermittently for a total period of twenty-four months, such portion shall be exempt from attachment until the expiry of a further period of twelve months and, where such attachment has been made in execution of one and the same decree, shall be finally exempt from attachment in execution of that decree;

- • • • •
- (7) any allowance forming part of the emoluments of any public officer which the appropriate Government may by notification in the official gazette declare to be exempt from attachment, and any subsistence grant or allowance made to any such officer while under suspension;
- • • • •

Explanation 2.—In clauses and (i), 'salary' mean the total monthly emoluments, excluding any allowance declared exempt from attachment under the provisions of clause (1), derived by a person from his employment whether on duty or on leave.

Explanation 3.—In clause (1), 'appropriate Government' means—

- (i) as respects any public officer in the service of the Central Government,, the Central Government;
- (ii) as respects any public officer employed in connection with the exercise of the functions of the Crown in its relations with Indian States, the Crown Representative, and
- (iii) as respects any other public officer, the Provincial Government."

Note 1. Compensatory allowances are not included in the term "pay" for the purpose of this rule and should be treated as exempt from attachment by a Civil Court. Exchange compensation allowance is included.

Note 2. —The maximum pay attachable by a Civil Court is calculated on the amount earned and not what remains after satisfying any debts due to Government on account of advances taken under rule.

Note 3.—Subscriptions to funds recognised by Government, instalments in repayment of advances from the General Provident Fund and recoveries of income-tax, deductions for which appear in the pay bill, should be excluded from the aggregate pay for the purpose of attachment by a Civil Court.

Note 4.—Sterling overseas pay, or that portion of leave-salary which is based on sterling overseas pay, not being payable in British India, is not liable to attachment by a Court of Law in India as part of pay or leave-salary of a public officer and cannot be taken into account in assessing the amount which is liable to such attachment.

Note 5.—Cases may occur in which the judgment-debtor does not sign the acquittance roll and intentionally allows his pay to remain undischarged; or the judgment-debtor, being a gazetted officer or not being a gazetted officer but being permitted to draw his pay on a separate pay bill, may refrain from preparing his pay bill and drawing his pay regularly in order to evade payment on account of an attachment order issued by a Court of Law. In such circumstances the head of the office or, in the case of a gazetted officer or of an officer treated in this respect like a gazetted officer, the Administrative Officer of the department concerned may draw the pay of the judgment-debtor in satisfaction of the attachment order subject to the prescribed restrictions laid down and remit the amount to the Court concerned. No. E.-38-R.R.-5.—The following rules for recruitment to the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways are published for general information:—

RULES.**PART I.***Methods of Recruitment.*

1. These Rules may be called the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways Recruitment Rules.

2. For the purposes of these Rules—

- (a) "Government" means the Governor-General in Council;
- (b) "The Commission" means the Federal Public Service Commission (India);
- (c) "High Commissioner" means the High Commissioner for India;
- (d) "the Department" means the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways;
- (e) "Direct appointment" means appointment otherwise than on the result of a competitive examination or by promotion or transfer from another Service/Department.

3. The Department shall be recruited by the following methods:—

- (i) By competitive examination held in India in accordance with Part II of these Rules.
- (ii) By direct appointment of persons of non-Asiatic domicile by the High Commissioner for India by selection from the United Kingdom in accordance with the rules made by him.
- (iii) By promotion or transfer from another Service in accordance with Part III of these Rules.
- (iv) By direct appointment of persons of Indian Domicile or of European or Indian descent domiciled in Burma in accordance with Part IV of these Rules.

4. Subject to the provisions of rule 3, Government shall determine the method or methods to be employed for the purpose of filling any particular vacancies, or such vacancies as may require to be filled during any particular period, and the number of candidates to be recruited by each method.

5. Vacancies in the Department which are filled otherwise than by promotion shall be apportioned between the various communities

in India in accordance with the provisions of the Government of India (Home Department) Resolution No. F. 14/17-B./33-Ests., dated the 4th July 1934, and the supplementary instructions connected therewith.

PART II.*Recruitment by competitive examination.*

6. A competitive examination for admission to the Department shall be held in India at such times and places as Government may prescribe by notice issued through the Commission. Every such notice will, when possible, announce the number of vacancies to be filled on the result of the examination.

7. If the examination held under this part of these Rules is a combined examination for the purpose of making appointments to more than one Service or Department, the following provisions shall apply:—

- Any person may apply to be admitted as a candidate for appointment in all or any of these Services or Departments for which he is eligible. If he wishes to compete for appointment in more than one Service or Department, he shall state on his application form which Services or Departments he wishes to compete for and the order of his preference between them, and in such case only one application form will be necessary and one payment of the fees referred to in rule 16 (and Appendix III) will be sufficient.
- (ii) Government shall assign successful candidates to each Service or Department on a consideration of all circumstances including any personal preference expressed by the candidate.

8. The candidates to be admitted to the examination shall be limited to such number, being not less than 200 and not more than 300, as the Commission may fix. If the number of candidates exceeds that limit, the Commission shall select from the applicants those who shall be admitted to the examination, and in doing so shall have regard to the suitability of the applicants and to the adequate representation of the various communities and provinces of India.

9. (i) * A candidate who is in the permanent service of the Government shall apply to the Commission for admission to the examination through the Head of his Office, who shall forward his application to the Commission through the Government concerned unless he refuses his consent to the application.

*The submission of applications by persons in Government service is further governed by the Government Servants' Applications for Posts (Central Services) (Railway Services) Rules, [published with the Government of India, Home Department] Notification Railway Department (Railway Board) No. F. 510/31-Ests. 7th June 1934 No. E.-34-R. R. I. dated the 22nd January 1935 as amended from time to time and the corresponding rules made by Provincial Governments.

(ii) A candidate who is not in Government service, or is employed in Government service only in a temporary capacity at the time that he submits his application, shall apply to the Commission through the proper authority of the area in which his parents reside at the time of submitting his application, or have resided for a period of not less than three years, or in which the candidate has himself resided, otherwise than as a student, for a like period. A Government servant who is employed in a temporary capacity should, however, before submitting his application, obtain in writing, on the prescribed form the permission of the Head of the Office or Department in which he is employed.

(iii) The proper authority for a Governor's Province shall be the Provincial Government of that Province; for Coorg, Delhi, Ajmer-Merwara, British Baluchistan or Andaman and Nicobar Islands, the Chief Commissioner; and for a State in India the Political Officer or Agent who must be addressed through the Government of the State.

(iv) No candidate may make more than one application in respect of any one occasion on which an examination is held.

10. A candidate must be a male and either—

(a) a British subject of Indian domicile or of European or Indian descent domiciled in Burma whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service; or

(b) a Ruler or a subject of a State in India.

Provided that in the case of a male British subject the requirements of this rule (other than that concerning domicile) may be waived by Government if satisfied that their observance would occasion exceptional hardship and that the candidate is so closely connected by ancestry or upbringing with His Majesty's dominions as to justify special treatment.

Provided also that a Ruler or a subject of a State in India cannot be appointed unless he has obtained a declaration under subsection I of Section 262 of the Government of India Act, 1935, whether or not he has already obtained a declaration under Section 96A of the Government of India Act, 1919.

NOTE.—British subjects of European or Indian descent domiciled in Burma will not, however, be eligible to compete at the Indian Audit and Accounts, etc., Services Examination that may be held after the 1st April 1939.

11. A candidate must have attained the age of 21 and must not have attained the age of 25 on the first day of August of the year in which the examination begins.*

12. A candidate must satisfy the Commission that his character is such as to make him suitable for appointment to the Department.

13. A candidate must—

(i) hold a degree of one of the Universities enumerated in Appendix I (a) to these rules; or

(ii) have passed Parts A and B of the Associate Membership examination of the Institution of Engineers (India); or have such educational qualifications as are now or may subsequently be recognised by that Institution as exempting candidates from passing Parts A and B of that examination. [For qualifications at present recognised see Appendix I (b)]; or

(iii) hold a degree of any University in the Dominions, approved for this purpose by the Commission, or the Associateship or Fellowship of the Indian Institute of Science, Bangalore; or

(iv) have such other qualifications, if any, as may be approved by the Governor General in Council after consulting the Commission.

14. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Commission.

The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

15. No recommendations except those invited in the form of application shall be taken into consideration. Any attempt on the part of a candidate to obtain support for his candidature by other means may disqualify him for admission.

16. Candidates must pay such examination fees as Government may prescribe (see Appendix III). No claim for a refund of any of these fees will be entertained, nor can they be held in reserve for subsequent examinations or selections.

17. Examinations under these Rules shall be conducted by the Commission in the manner prescribed in the regulations which form Appendix II to these Rules.

18. (i) After every examination the Commission shall make a list of the candidates in order of their merit as disclosed by the aggregate marks finally awarded to each candidate, and in that order so many candidates up to the number of vacancies announced under rule 6 above, as are found by the Commission to be qualified by the examination and

*NOTE.—These age limits apply whether or not the candidate is already in Government Service.

are considered by Government or the appointing authority, as the case may be, to be suitable in all other respects, shall be appointed.

(ii) For the purposes of rule 5 of these Rules, selections for appointment to vacancies to be filled by members of a particular community or communities shall be made by Government or the appointing authority, as the case may be, after consulting the Commission, from candidates of that community or communities who have qualified at the examination.

19. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of the Department. A candidate who (after such medical examination as Government or the appointing authority, as the case may be, may prescribe) is found not to satisfy those requirements will not be appointed. Only candidates who are likely to be appointed will be medically examined.*

20. (a) Appointments shall be made on probation for a period of three years.

(b) If, in the opinion of Government the work or conduct of an officer on probation is unsatisfactory, or shows that he is unlikely to become efficient, Government may discharge him forthwith.

(c) On the conclusion of his period of probation, Government may confirm the officer in his appointment, or, if his work or conduct has in the opinion of Government been unsatisfactory, Government may either discharge him from the Service or may extend his period of probation for such further period as Government may think fit.

(d) If no action is taken by Government under sub-rule (b) or (c) of this rule, the period after the prescribed period of probation shall be treated as an engagement from month to month, terminable on either side on the expiration of one calendar month's notice in writing.

(e) If the power to make appointments in the Department is delegated by Government to any officer, that officer may exercise any of the powers of Government under this rule.

(f) Particulars as to (1) pay, the State Railway Provident Fund and the Gratuity Rules and (2) courses of training will be found in Appendices IV and V.

PART III.

21. Recruitment by promotion shall be made by selection from among the specially qualified officers of the Lower Gazetted Service and subordinates of the Transportation

22. Recruitment by transfer from another Service/Department shall be made by Government after consultation with the Commission, from among members of such other services or departments as may be determined by Government when occasion arises.

23. If the power to make appointments in the Department is delegated by Government to any officer, that officer may exercise any of the powers of Government under this Part of these Rules.

24. Recruitment by direct appointment of eligible persons living in India shall be made in India on the recommendation of the Commission, and of eligible persons living out of India on the recommendation of the High Commissioner, who may appoint a selection board to advise him concerning the appointment, and may determine the manner in which any such selection board shall exercise its functions.

25. Every candidate for direct appointment—

(a) must be a male and either

*27. Government may modify or waive all or any of the requirements of rule 25 (a), (b) and (c) when an appointment for work of a special nature is to be made and it is not practicable to obtain a suitable candidate who fulfils all the requirements of rule 25.

28. A candidate for direct appointment must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of the Department. RULES.**PART I.***Methods of Recruitment.*

1. These Rules may be called the Customs and Accounts Service Recruitment Rules.

2. For the purposes of these Rules—

(a) “Government” means the Governor-General in Council;

(b) “The Commission” means the Federal Public Service Commission (India);

(c) “The Service” means the Indian Audit and Accounts Service, the Imperial Customs Service, the Military Accounts Department and the Indian Railway Accounts Service.

3. The Service shall be recruited by the following methods:—

(ii) By promotion or transfer from another Service or Department in accordance with Part III of these Rules.

4. Subject to the provisions of rule 3, Government shall determine the method or methods to be employed for the purpose of filling any particular vacancies, or such vacancies as may require to be filled during any particular period, and the number of candidates to be recruited by each method.

5. Vacancies in the Service which are filled otherwise than by promotion shall be apportioned between the various communities in India in accordance with the provisions of the Government of India (Home Department) Resolution No. F. 14/17-B./33-Esta., dated the 4th July 1934, and the supplementary instructions connected therewith.

PART II.*Recruitment by competitive examination.*

6. A competitive examination for admission to the Service shall be held in India at such time and place as Government may prescribe by notice issued through the Commission. Every such notice will, when possible, announce the number of vacancies to be filled on the result of the examination.

7. The competitive examination shall be a combined examination for admission to the Indian Audit and Accounts Service, the Imperial Customs Service, the Military Accounts Department, the Indian Railway Accounts Service, the Postal Superintendents Service, (Class II) Service and the Transportation (Traffic) and Commercial Departments of the Superior Revenue Establishment of State Railways.

Any person may apply to be admitted as a candidate for appointment in all or any of these Services for which he is eligible. If he wishes to compete for appointment in more than one Service he shall state on his application form which Services he wishes to compete for and the order of his preference between them, and in such case only one application form will be necessary and one payment of the fees referred to in rule 16 (and Appendix III) will be sufficient.

Government shall assign successful candidates to each Service on a consideration of all circumstances including any personal preference expressed by the candidate.

8. The candidates to be admitted to the examination shall be limited to such number, being not less than 200 and not more than 300 as the Commission may fix. If the number of applicants exceeds that limit, in selecting those who shall be admitted to the examination the Commission shall have regard to the suitability of the applicants and to the adequate representation of the various communities and provinces of India.

9. (i)* A candidate who is in the permanent service of the Government shall apply to the Commission for admission to the examination through the Head of his Office, who shall forward his application to the Commission through the Government concerned unless he refuses his consent to the application.

(ii) A candidate who is not in Government service, or is employed in Government service only in a temporary capacity at the time that he submits his application, shall apply to the Commission through the proper authority of the area in which his parents reside at the time of submitting his application, or have resided for a period of not less than three years, or in which the candidate has himself resided, otherwise than as a student, for a like period. A Government servant who is employed in a temporary capacity should, however, before submitting his application, obtain in writing, on the prescribed form, the permission of the Head of the Office or Department in which he is employed.

(iii) The proper authority for a Governor's Province shall be the Provincial Government of that Province; for Coorg, Delhi, Ajmer-Merwara, British Baluchistan or Andaman and Nicobar Islands, the Chief Commissioner; and for a State in India the Political Officer or Agent who must be addressed through the Government of the State.

10. A candidate must be a male and either—

- (a) a British subject domiciled in India or a British subject of European or Indian descent domiciled in Burma, whose father (if alive) is a British subject or a subject of a State in India, or (if dead) was at the time of his death either a British subject or a subject of a State in India or a person in the permanent service of the Crown or a person who had retired from that Service; or
- (b) a Ruler or a subject of a State in India.

Provided that in the case of a male British subject the requirements of this rule (other than that concerning domicile or descent) may be waived by Government if satisfied that their observance would occasion exceptional hardship and that the candidate is so closely connected by ancestry or upbringing with His Majesty's dominions as to justify special treatment.

*The submission of applications by persons in Government service is further governed by the Government Servants' Applications for Posts (Central Services) Rules published with the Government of India, Home Department
Railway Department (Railway Board) Notification No. F. 510/31—Ests. dated the 7th June 1934
No. E. 34-R. R. I. dated the 22nd January 1935* as amended from time to time and the corresponding rules made by Provincial Governments.

Provided also that a Ruler or a subject of a State in India cannot be appointed unless he has obtained a declaration under Section 262 of the Government of India Act, 1935, whether or not he has already obtained a declaration under section 96A of the Government of India Act, 1919.

NOTE.—British subjects of European or Indian descent domiciled in Burma will not, however, be eligible to compete at the Indian Audit and Accounts, etc., Services Examination that may be held after the 1st April 1939.

11. Candidates must have attained the age of 22, and must not have attained the age of 25, on the first day of August of the year in which the examination is held.

Provided that a Government* servant who is over the age of 25 and under the age of 28 on that date may be admitted to the examination if he—

- (b) is recommended by the Head of his Department.

12. A candidate must satisfy the Commission that his character and antecedents are such as to make him suitable for appointment to the public service. 13. A candidate must be a graduate of one of the Universities enumerated in the first appendix to these rules or must hold the Senior Diploma of the Mayo College, Ajmer.

14. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Commission.

The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

15. No recommendations except those invited in the form of application shall be taken into consideration. Any attempts on the part of a candidate to obtain support for his candidature by other means may disqualify him for admission.

*For the purpose of this proviso, a person holding an appointment in the service of an Indian State is not a "Government servant".

16. Candidates must pay such examination fees as Government may prescribe (see Appendix III). No claim for a refund of any of these fees will be entertained, nor can they be held in reserve for subsequent examinations or selections.

17. Examinations under these Rules shall be conducted by the Commission in the manner prescribed in the regulations which form Appendix II to these Rules.

18. (i) After every examination the Commission shall make a list of the candidates in order of their merit as disclosed by the aggregate marks finally awarded to each candidate, and in that order so many candidates up to the number of vacancies announced under rule 6 above, as are found by the Commission to be qualified by the examination and are considered by Government or the appointing authority, as the case may be, to be suitable in all other respects, shall be appointed.

(ii) For the purposes of rule 5 of these Rules, selections for appointment to vacancies to be filled by members of a particular community or communities shall be made by Government or the appointing authority, as the case may be, after consulting the Commission, from candidates of that community or communities who have qualified at the examination.

19. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of the Service. A candidate who (after such medical examination as Government or the appointing authority, as the case may be, may prescribe) is found not to satisfy these requirements will not be appointed. Only candidates who are likely to be appointed will be medically examined.*

20. (a) Appointments shall be made on probation for a period of 2 years provided that this period may be extended if the officer on probation has not qualified for confirmation by passing the prescribed departmental examinations. Repeated failure to pass the departmental examinations within a period of 3 years shall involve loss of appointment.

(b) If, in the opinion of Government the work or conduct of an officer on probation is unsatisfactory, or shows that he is unlikely to become efficient, Government may discharge him forthwith.

(c) On the conclusion of his period of probation, Government may confirm the officer in his appointment, or, if his work or conduct has in the opinion of Government been unsatisfactory, Government may either discharge him from the Service or may extend his period of probation for such further period as Government may think fit.

(d) If the power to make appointments in the Service is delegated by Government to any officer, that officer may exercise any of the powers of Government under this rule.

*In order to prevent disappointment candidates are advised to have themselves examined by a medical practitioner preferably a Civil Surgeon, before applying for admission to the examination. Particulars of the nature of the medical test to which candidates will be submitted before appointment and of the standards required can be had from the Commission. Candidates will have no right of appeal against the decision of the Medical Board.

13. A candidate must be a graduate of one of the Universities enumerated in Appendix I to these rules or must hold the Senior Diploma of the Mayo College, Ajmer.

PROVIDED that in exceptional cases the Commission may on the recommendation of the Central Government or a Provincial Government treat as a qualified candidate, a candidate who, though he has not all or any of the qualifications prescribed in this rule, has passed examinations conducted by other institutions of a standard which in the opinion of the Commission justifies his admission to the examination.

14. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Commission.

The decision of the Commission as to the eligibility or otherwise of a candidate for admission to the examination shall be final.

15. No recommendations except those invited in the form of application shall be taken into consideration. Any attempt on the part of a candidate to obtain support for his candidature by other means may disqualify him for admission.

17. Examinations under these Rules shall be conducted by the Commission in the manner prescribed in the regulations which form Appendix II to these Rules.

18. (i) After every examination the Commission shall make a list of the candidates in order of their merit as disclosed by the aggregate marks finally awarded to each candidate, and in that order so many candidates up to the number of vacancies announced under rule 6 above, as are found by the Commission to be qualified by the examination and are considered by Government or the appointing authority, as the case may be, to be suitable in all other respects, shall be appointed.

(ii) For the purposes of rule 5 of these Rules, selections for appointment to vacancies to be filled by members of a particular community or communities shall be made by Government or the appointing authority, as the case may be, after consulting the Commission, from candidates of that community or communities who have qualified at the examination.

19. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the discharge of his duties as an officer of the Service. A candidate who (after such medical examination as Government or the appointing authority, as the case may be, may prescribe) is found not to satisfy those requirements will not be appointed.

*For the purpose of this proviso, a person holding an appointment in the service of an Indian State is not a "Government Servant".

Only candidates who are likely to be appointed will be medically examined.*

20. (a) Appointments shall be made on probation for a period which will not ordinarily exceed two years.

(b) If, in the opinion of Government the work or conduct of an officer on probation is unsatisfactory or shows that he is unlikely to become efficient, Government may discharge him forthwith.

(c) On the conclusion of his period of probation, Government may confirm the officer in his appointment, or, if his work or conduct has in the opinion of Government been unsatisfactory, Government may either discharge him from the Service or may extend his period of probation for such further period as Government may think fit.

(d) If no action is taken by Government under sub-rule (b) or (c) of this rule, the period after the prescribed period of probation shall be treated as an engagement from month to month, terminable, on either side on the expiration of one calendar month's notice in writing.

(e) If the power to make appointments in the Service is delegated by Government to any officer, that officer may exercise any of the powers of Government under this rule.

(f) Particulars as to pay and general conditions of service prescribed for Probationers in the Postal Superintendents' Service will be found in Appendix IV.

The following Bill was introduced in the Council of State on the 24th February, 1938.—

C. OF S. BILL No. 1 OF 1938

A Bill further to amend the Transfer of Property Act, 1882.

WHEREAS it is desirable to amend the Transfer of Property Act, 1882; It is hereby enacted as follows:— IV of 1882.

Official Papers.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 5th May 1938.

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under linseed in Bengal has represented some 3·4 per cent. and that under rape and mustard 11·9 per cent. of the total area under these crops in India.)

Character of the season.—Since the issue of the second forecast, the weather and its effects on the crops have, on the whole, been fair. Some damage has been done to the crops by drought and caused the outturn to fall below the normal.

Area sown.—Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions. In the other two divisions, the cultivation is not extensive. The total area under the crops (excepting sesamum for which separate forecasts are issued) is returned at 951,100 acres as against 916,700 acres last year.

Outturn.—From the District Officers' estimates, the provincial outturn of the different oilseed crops works out at 80 per cent. of the normal as against 85 per cent. last year.

Taking 6½ths maunds as the normal yield per acre for linseed, 7 maunds for rape and mustard and 4½ maunds for other oilseeds, the total yield of the crops for the province is estimated at 189,700 tons this year as against 195,100 tons (revised) last year.

Director of Agriculture, Bengal.

Dacca, the 11th May 1938.

Monthly Weather and Crop Report of Bengal for April 1938.

I. *Character of the season.*—During the month under review the rainfall was above the normal only in two districts of the province and below the average in the rest. The usual rainfall statement is appended.

II. *Progress of agricultural operation.*—During the first part of the month, more rain was badly needed for the preparatory tillage for and sowings of autumn crops. Rainfall during the latter part, however, was helpful to the progress of the operations. Harvesting of spring crops was over.

III. *State of standing crops.*—The condition of standing crops was reported to be generally fair.

IV. *Prospects and probable outturn.*—The prospects of standing crops were reported to be, on the whole, fair. The outturn of different spring oilseed crops was estimated at 80 per cent. of the normal for the province.

V. *Damage to standing crops.*—No appreciable damage to standing crops was reported from any part of the province.

VI. *Condition of agricultural stock.*—The condition of live-stock was, on the whole, fair. Sporadic cases of cattle-disease were, however, reported from ten districts of the province and from the States of Cooch Behar and Tripura.

VII. *Failure of pasturage and fodder.*—Supply of fodder was reported to be sufficient except in parts of Jalpaiguri, Darjeeling and Chittagong.

VIII. *Prices of food grains.*—During the second fortnight of the month the retail prices of common rice of the cheapest quality rose in eleven districts and fell in two. The price ranged from 10 seers per rupee at Faridpur to 16 seers per rupee at Birbhum.

IX. *Condition of agricultural population.*—The condition of agricultural population is, on the whole, fair.

Election Petition No. 1 of 1938.

In the matter of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936, Part III, paragraph 3,

And

In the matter of an election petition for setting aside the election of Maulvi Zahur Ahmed Choudhuri who was declared elected on the 2nd December 1937 to the Bengal Legislative Assembly from the Malda North (Rural) Muhammadan Constituency to fill the vacancy caused by the election having been declared void under notification No. 12464A.R., dated the 31st August 1937,

And

In the matter of an election petition for decision of doubts and disputes as to the validity of the aforesaid election,

And

In the matter of **Sher Mohammed Sarkar**, son of Jhaksu, of Mahanandapur, police-station Kharba, district Malda (elector), *petitioner*,

versus

Maulvi Zahur Ahmed Choudhuri, son of the late Shah Muhammad Choudhuri, of Makdumpur, district Malda (returned candidate), *respondent*.

Report.

In this case the petitioner, Sher Mohammed Sarkar, a voter of the Malda North (Rural) Muhammadan Constituency, has filed a petition in which he seeks to set aside the election to the Bengal Legislative Assembly of Maulvi Zahur Ahmed Choudhuri who was declared to be the successful candidate from the constituency mentioned above. It appears that the respondent originally stood as a candidate from this constituency at the time of the last general election. His election was, however, declared to be invalid. A bye-election was thereafter held on the 15th and 16th of November 1937, in which the respondent was again successful. It is in connection with the result of this bye-election that the present petition has been filed.

From the record it appears that the 27th of September 1937 was the last date for receiving the nomination papers of the candidates in connection with the bye-election. The 29th of September 1937 was the date fixed for the scrutiny of the nomination papers by the Returning Officer. The petitioner, who is an elector of the constituency, claims that the nomination papers of some of the candidates were improperly accepted and that the election itself was vitiated by reason of the fact that no notice of the intended election was published in accordance with the provisions of rule 4, sub-rule 3, of Part II of the Bengal Legislative Assembly Electoral (Conduct of Elections) Rules, 1936, hereinafter called the "Rules."

The petitioner bases his case with regard to the alleged invalidity of the election mainly upon the following facts:—

Under notification No. 7274A.R., dated the 19th March 1937, the Government of Bengal, in exercise of the powers conferred upon them by rule 3 and sub-rule (1) of rule 4 of the Bengal Legislative Assembly Electoral (Preparation, Revision and Publication of Electoral Rolls) Rules, 1936, published a list of Returning Officers. Under this notification the Sadar Subdivisional Magistrate of Malda was appointed as Returning Officer in respect of the Malda North (Rural) Muhammadan Constituency. In spite of this notification, however, it is alleged in the petition and in the particulars which were subsequently filed by the petitioner, that six intending candidates filed their nomination papers with the District Magistrate who was not the Returning Officer under the terms of the notification mentioned above. It is said that these six nomination papers were sent to the Subdivisional Magistrate by the District Magistrate on the 29th of September 1937, on which date the scrutiny was held by the former official in accordance with the terms of notification No. 12875A.R., dated the 15th September 1937, which was published in a *Gazette Extraordinary* of the same date. On the day after the scrutiny, one of the candidates, viz., Dr. Kalimuddin Ahmed, withdrew his nomination paper. In the meantime, namely, on the 27th of September 1937, the respondent, Zahur Ahmed Choudhuri, had filed another nomination paper before the Subdivisional Magistrate.

The contention of the petitioner is that the receipt of the nomination papers mentioned in paragraph 9 of the particulars by the District Magistrate was improper and that, this being the case, he had no jurisdiction to make them over to the Subdivisional Magistrate on the 29th of September and, further, that the Subdivisional Magistrate himself had no jurisdiction to accept the nomination papers in question, with the result that the election subsequently held on the 15th and 16th of November 1937 was vitiated.

The further main fact upon which the petitioner relies is that no notice was issued by the Returning Officer as required by the provisions of rule 4, sub-rule 3 of Part II of the "Rules." A notice purporting to have been published under this rule was issued by the District Magistrate on the 16th of September 1937, and the nomination papers which were received by him between the 20th of September 1937 and the 27th of September 1937 appear to have been filed in compliance with the instructions contained in the District Magistrate's notice, dated the 16th September 1937.

The following issues were framed in connection with this case:—

(1) Was there any non-compliance with the provisions of rule 4, sub-rule 3 (Part II) of the Bengal Legislative Assembly Electoral (Conduct of Elections) Rules, 1936?

Was the result of the election materially affected by such non-compliance, if any, in the manner alleged in the petition?

(2) Was any nomination paper improperly accepted?

Was the result of the election materially affected by such improper acceptance, if any, in the manner alleged by the petitioner?

(3) To what relief, if any, is the petitioner entitled?

With regard to issue No. 1, it is quite clear that there was a technical non-compliance with the provisions of the rule in question, as the notice of the 16th September 1937 was signed not by the Returning Officer but by the District Magistrate.

The main point, however, which requires consideration having regard to the terms of paragraph 7(1)(c) of Part III of the Government of India (Provincial Elections) (Corrupt Practices and Elections Petitions) Order, 1936, is whether or not the result of the election was materially affected by such non-compliance. In this connection, the evidence indicates that the intending candidates, when they filed their nomination papers, believed that the District Magistrate was in fact the Returning Officer, and there is no evidence from which it is possible to infer that any candidate was prevented from filing his nomination paper by reason of the non-issue of a notice under rule 4, sub-rule 3, of Part II of the "Rules" by the Returning Officer himself or that any voter was prevented thereby from exercising his electoral right. All the nomination papers filed before the District Magistrate were in fact accepted by the Returning Officer. It is true that on the 27th of September 1937, the respondent took the precaution of filing another nomination paper before the Subdivisional Magistrate and that one of the intending candidates, viz., Dr. Kalimuddin Ahmed, withdrew his nomination on the day after the scrutiny, namely, the 30th of September 1937. But the other candidates took no steps in the matter for the purpose of regularizing their position and they actually contested the election, apparently on the assumption that their nomination papers had been properly filed before the Returning Officer in accordance with the provisions of the "Rules." When the result of the election was declared it was found that the number of valid votes recorded in favour of the various candidates was as follows:—

(1) Abul Hyat Khan Choudhury, Khan Bahadur	...	2,747
(2) Mr. K. Ahmed (Barrister)	247
(3) Maulvi Reazuddin Ahmed	81
(4) Shah Zaman Maulvi	631
(5) Maulvi Zahur Ahmed Choudhuri	7,666

The total number of valid votes recorded was 11,372. It appears from the electoral roll that the total number of voters on the roll was 32,785.

As far as the candidates are concerned who actually contested the election, it is quite clear that non-compliance with the provisions of rule 4, sub-rule 3, Part II of the "Rules" could have had no effect whatsoever upon the result of the election. It is, however, contended that the result of the election was materially affected by Dr. Kalimuddin Ahmed's withdrawal on the day after the scrutiny, namely, the 30th of September 1937. With regard to this contention the petitioner himself has not given evidence in support of the allegations contained in his petition. Dr. Kalimuddin Ahmed was the only witness examined on his behalf and it is quite clear from his testimony and the other evidence that his chances of ultimate success at the election were nugatory. It is also clear that the respondent, who was actually elected by a large majority of votes, was a person of considerable political importance in the constituency, while Dr. Kalimuddin Ahmed was a person of insignificant standing among the electors and was not connected with any of the local political organisations. The evidence indicates that he withdrew his nomination on the 30th of September primarily because he was convinced that it would be useless for him to continue his campaign in the absence of any effective support and probably because he wished to avoid the danger of forfeiting his security deposit. We

are convinced that the withdrawal of Dr. Kalimuddin Ahmed's nomination made no material difference as far as the result of the election was concerned.

Having regard to the circumstances set forth above we find this issue against the petitioner.

With regard to the second issue, the evidence also indicates that there was a technical non-compliance with the "Rules" as the six nomination papers mentioned in paragraph 9 of the particulars were originally filed with the District Magistrate who was not the Returning Officer appointed under notification No. 7274A.R., dated the 19th March 1937. Mr. Clough argues on behalf of the petitioner that it should be held that the election was materially affected by the improper acceptance by the Subdivisional Magistrate of the nomination papers filed before the District Magistrate because, even if it be conceded that the respondent's nomination was in order, he was really in the position of an unopposed candidate by reason of the fact that the nominations of the other contesting candidates were invalid. We are not, however, directly concerned with the question of the invalidity, if any, of the nominations of those candidates who opposed the respondent. The question on which our decision is required is whether or not the irregular acceptance of the nomination papers of the candidates other than the respondent materially affected the result of the election.

Whatever may have been the position with regard to the first nomination paper filed by the respondent before the District Magistrate on the 20th of September 1937, there can be no question that the second nomination paper, which was filed by him before the Subdivisional Magistrate on the 27th of September 1937, fulfilled all the requirements of the "Rules." Even if it be conceded that the nomination papers of his opponents were technically irregular, it is obvious that the rejection of all or any of them could not have materially affected the result of the election, as the total number of votes polled by all his opponents fell far short of the number of votes recorded in favour of the respondent.

As regards Dr. Kalimuddin Ahmed, he did not actually contest the election; but even if he had done so, we do not think, having regard to the circumstances of the case and the evidence on record, that he would have received any support sufficient to affect its result.

This issue must also be decided against the petitioner.

In our opinion the evidence indicates that the non-issue of the prescribed notice under the provisions of rule 4, sub-rule 3 of Part II of the "Rules" by the Returning Officer and the issue of a notice purporting to have been issued under that rule by the District Magistrate on the 16th of September 1937, constituted irregularities resulting from a *bona fide* mistake, which in no way misled any candidate or voter. The primary object of the "Rules" is to ensure that sufficient notice is given to candidates and electors with regard to the steps which they should take in connection with an election, and this seems to have been done in the present case. The evidence shows that the nomination papers duly reached the Subdivisional Magistrate not later than the 27th of September 1937, that it was he who held the scrutiny on the 29th of September 1937, and that he performed all the subsequent functions allotted to him under the "Rules" as Returning Officer in connection with the election. In a case of this nature clear evidence should be forthcoming to show that the result of the election has been materially affected by reason of the alleged irregularities, but there is no such evidence before us.

We, therefore, find that the respondent has been duly elected and that the petitioner is not entitled to any relief. We recommend that the petition be dismissed and that the petitioner be directed to pay the respondent's costs amounting to Rs. 250. We report accordingly to His Excellency the Governor of Bengal.
